To Whom It May Concern,

Please consider this letter to be my recommendation for Vedaanti Baliga. During the time Vedaanti worked for me at Pikkal & Co, she worked as a Machine Learning Engineer, and contributed to the team significantly in our tasks and projects.

Vedaanti has a strong desire for continual learning, and for accepting new and challenging projects. She is also very proactive in dealing with problems and is effective in anticipating potential issues before they surface.

If you have any further questions, please do not hesitate to contact me. I will be more than happy to discuss Vedaanti's suitability to your company.

Sincerely,
